

**Six months have passed since we lost Peter and we miss him more each day, but quite a few things have been happening which you may find of interest.**

In January, Logica set up an annual award, a red letter day or £500 cash prize, in Pete's memory and we understand that later in the year there will be a charity day to support the PCMT.

In the 4th March edition of the Leatherhead Advertiser there was a half-page spread with photograph giving a brief resumé of Pete's life and the setting up of the Fund. The Advertiser have also offered to send a photographer to the Golf Day to be held in June.

On the 5th March Pete's ashes were buried at St. Nicholas's Church in Great Bookham, where he was christened - just David, Nicola and myself present. Unfortunately, we cannot have a plaque there but his name will eventually be in the Book of Remembrance which is kept inside the church.

The 2004 PCMT Golf Day on 9th June, Pete's birthday, is to be held at Clandon Regis Golf Club. We have received tremendous support. To date we have over 48 golfers, 12 go with the pro, and 72 guests confirmed for the evening dinner, where we will run an auction and a raffle for PCMT. For further details please contact David or myself.

On 2nd July the Legal & General Assurance Co. have organised a jeans and trainers day, in support of the PCMT. The Company have said they will match the contributions received from the staff, which is much appreciated.

We are thinking of organising another reunion around 3rd week in October, either in London or here in Bookham. If it is in Bookham, we could have the reunion on a Sunday around lunchtime, if you prefer, and then those of you who have been visited by the stork, can introduce your offspring. Perhaps you would let us know if you are interested in meeting up again and if so, where, London or Bookham. Paul Donovan will also advise us on how the Trust is doing after its first year.
